Resolution of action items or requests from previous meetings.

### **Union Pacific Railroad Air Line at 112<sup>th</sup> Avenue Crossing**

Due to numerous complaints about trains blocking the railroad at 112th Avenue, Union Pacific Railroad (UPRR) installed an underground air hose connection that allows train cars to be disconnected so that they will not block the tracks for extended periods of time. The hose was installed and has been in operation since October 10, 2014. UPRR has stated that they have received calls thanking them for this improvement. Staff has not received any calls related to train blockages at 112<sup>th</sup> Avenue since the line was installed.

As of Friday, a total of 329 bills have been introduced in the 2015 session – 197 House bills and 142 Senate bills. Many more House bills and a smaller number of Senate bills are expected to be introduced within the next week or two, and the total number of bills expected by the end of the session could be as high as 700. Commerce City is tracking approximately 71 bills for possible direct or indirect impacts on the city, its employees, businesses and residents.

Learn more about monitored legislation [online](#), including summaries and full text of the bill. Summaries of key bills, ordered by city council's priority areas, are listed below. The city's position, consistent with its [approved legislative principles](#), is in parentheses. Thanks to the [Colorado Municipal League](#), [Axiom Strategies](#) and other cited media sources for providing legislative information.

## **SPECIFIC LEGISLATIVE PRIORITIES**

- **Owner-Occupied, Multifamily Housing:** Staff expects legislation to be introduced early February that improves alternative dispute resolution and informs a majority of homeowners prior to litigation.
- **Urban Renewal & Tax Increment Financing:** SB 15-135 was introduced last week, which will give counties a "seat at the table" on urban renewal issues - something they have requested for some time - by allowing them the option of appointing a member of a municipal urban renewal authority board. There would be only one designee if multiple counties are involved in the URA, and the designee would have to be a resident of the URA's municipality. The appointment of a designee would not be required if the county opted not to appoint a member to the board. The appointment process applies to both urban renewal authority boards appointed by city council/town boards and for councils/town boards which designate themselves as the URA board. The bill also includes a clarification to existing statutes that TIF revenue is to be disbursed to the appropriate taxing entities within a TIF district when all financial obligations of the urban renewal project are met before the 25-year TIF clock has expired. The bill has yet to be calendared, but the city supports this effort.

- **Public Safety Tools: Photo Red Light Cameras:** Home to the region's worst intersection, having the ability to choose appropriate enforcement tools is critical. The city's only red-light camera monitors over 56,000 vehicles daily at this seven-legged intersection, resulting in fewer accidents and improving overall safety. HB 15-1098 was introduced that repeals the authorization for the state, a county, a city and county, or a municipality to use automated vehicle identification systems to identify violators of traffic regulations and issue citations based on photographic evidence, and creates a prohibition on such activity. The bill repeals the authorization for the department of public safety to use an automated vehicle identification system to detect speeding violations within a highway maintenance, repair, or construction zone. The bill will be heard in committee on Feb. 4, 2015 and Commander Chatman will represent the city.

### OTHER BILLS OF INTEREST

- **SB 15-079, Document Recording Fee for Affordable Housing (Support)**  
SB 15-079 creates a document recording fee of \$2 at the county level. The county clerk may keep \$1 for costs incurred and requires the clerk to transmit the other \$1 collected to the state treasurer to credit to the statewide affordable housing investment fund. CML supports state financial support for the Division of Housing's loan and grant program for low- and moderate-income housing.

- **HB 15-1192, Expand Allowed Licenses in Entertainment Districts**

This permissive legislation will allow local licensing authorities, at their discretion, to allow the following types of liquor licenses to be added to those already approved for inclusion within an authorized entertainment district:

- Beer & Wine license
- Limited Winery license
- Manufacturer's license (if operating a sales room)

Even though limited wineries and manufacturers with sales rooms operate with only a state license, these licensees would have to adhere to terms and conditions established by the local licensing authority. It is not clear if the proponents also wanted to include brewery tap rooms. If so, the bill will likely need to be amended as well as harmonized with CML-initiated legislation (not yet introduced) that actually defines what a sales room is and specifies limited local licensing authority involvement in sales rooms activities.

## MEMO CONTINUED

- **SB 15-006, Prohibit Forfeitures Without Criminal Conviction (Oppose)**

Under certain circumstances, a forfeiture action may proceed without a criminal conviction of the person named in the forfeiture action. SB 15-006 repeals the provisions authorizing a forfeiture action to proceed without a conviction, unless it is part of a settlement agreed upon by all parties. The bill gives the party who had items seized the right to a preliminary hearing or writ of replevin to determine the validity of the seizure or to require the return of the property.

Additionally, the bill prohibits law enforcement agencies in Colorado from participating or assisting in a federal forfeiture action unless the property subject to forfeiture has a value of greater than \$50,000, excluding the value of any controlled substance. The bill also requires that any proceeds of a federal forfeiture action received by a law enforcement agency must be credited to the state general fund. This bill has a potentially profound negative affect on local law enforcement agencies. The attorney general, Department of Public Safety, sheriffs, and police chiefs have also raised concerns. The North Metro Task Force will speak, of which the city is a part of.

- **SB 15-40 & HB 15-1007, County Special Marijuana Sales Tax (Oppose)**

The Senate Local Government Committee passed SB 15-040 on a 5-2 vote on Jan. 27, but the amendment requested by CML to drop opposition to the bill was not adopted by the committee. CML sought an appropriate middle ground to prevent county double-taxation within municipalities that have a special sales tax on retail marijuana or retail marijuana products. With the opposition to the amendment by the proponents, CML will request the bill be postponed indefinitely when it is heard next by the Senate Finance Committee. The League regrets that compromise was rejected, as we support the counties getting legislative authority to tax businesses it licenses within unincorporated areas of the county, and even within a municipality that does not have a special sales tax. This mirrors the legislative policy on countywide lodging taxes - another form of a special sales tax - that precludes counties from double taxing lodging in municipalities that have their own lodging tax.
