PROPOSAL #: 136-172898-1

KONNECTION® SWING

The Konnection Swing creates fun in traditional swing play, engagement and interaction when adults and children swing together. Children can also enjoy swinging together while learning skills such as cooperation and teamwork.

SENSORY RAIL

A sensory experience like no other, the Sensory Rail has an important developmental aspect to the playground that benefits all children. In addition to the same space regardless of ability, providing access to the sensory panels on both sides of the rail ensures that everyone will have room to play.

PLAY VARIETY

This design offers the perfect solution for a great play space and ensures the play space is age appropriate for all ages. Components include slides, climbing, and spinning events, all will be able to enhance physical fitness while having fun during play.

BRAVA™ UNIVERSAL SWING

With the Brava™ Universal Swing everyone will have fun. Children of all abilities can swing side by side with the freedom of swinging on their own.

INNOVA™ ROCKER

Bringing a child into the heart of the playground action, with enough room for a wheel chair and a helping hand, the InnoVA™ rocker makes it possible for a child to enjoy play in a wheelchair.

STEMPLAY™ ELECTRON & CIRCUIT

Inspiration, the creative movement of water is a magic in the educational world. Use the water to design and create the colorful lights to the top of the waterfall. Electric lights be seen, realistic, and directed. As you sit at the back of the waterfall, you'll see the past and the future of the world.
