June | Active Transportation  
June 12 | 4:00-5:00pm | Bison Ridge Recreation Center - Crestone Peak

## January

### *Quest for Nature*

The quest for nature is an adventure into understanding how we must change our mindset to reestablish our connection with nature.

## February

### *The West is Burning*

This film examines the history of forest management and litigation that led to the current conditions which are causing catastrophic fire nearly year-round and explores the urgent need to act now.

## March

### *People vs Pipeline: The Cost of Crude Oil*

This film project celebrates the people and efforts behind stopping the Keystone XL pipeline.

## April

### *The World Beneath the Rim*

Water in the Grand Canyon created the place and sustains its life and allure. It provides inspiration for artists who come to the Canyon to discover and expose their inner creativity.

## May

### *The Organic Life*

The Organic Life is a yearlong chronicle of life on the farm. The film shows who grows your food and how it is grown.

## June

### *The Bus: A Journey Up North*

This is a story of some good friends on a roadtrip with their bus that they converted to run off waste vegetable oil.

### July

#### *The Earthing Movie*

The Earthing Movie is a documentary that reveals the scientific phenomenon of how we can heal our bodies by standing barefoot on the earth.

### August

#### *We the Power*

This film follows European locals as they break down legislative barriers and take power back from big energy companies to strengthen their towns with renewable energy.

### September

#### *Climbing Giants*

In the enchanting mountains of Costa Rica, young climbers embark on a journey to protect the precious biodiversity of the threatened cloud forest.

### October

#### *The Island Dweller*

This film is an intimate invite onto a secret sustainable haven, exploring the resistance that Off-Gridders must face to live greener, happier, and healthier.

### November

#### *Trashed*

One man sets out to discover the extent and effects of the global waste problem, as he travels around the world to beautiful destinations tainted by pollution.

### December

#### *Inhabit: A Permaculture Perspective*

Inhabit explores the many environmental issues facing us and examines solutions that are being applied through permaculture.
